Art Unit: 1654

1. Applicants are requested to check the dependencies of claims 118 and 119, which are originally-presented claims but are dependent upon a subsequent originally-presented claim.

Should this application pass to issue, the examiner will re-number the dependent claims so that they follow the claim upon which they depend.

2. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Claims 2-4, 27, 30-35, 37-51, and 53-55 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 2-4, 20-41, and 43-45, respectively, of prior U.S. Patent No. 6,312,734. This is a double patenting rejection.

3. The terminal disclaimer filed August 22, 2005 has been approved. However, the amendment filed August 22, 2005 has resulted in different claims being rejected on the basis of double patenting under 35 U.S.C. 101.

4. Claims 1, 5-8, 10-26, 52, 56-80, and 84-137 are allowed. Claims 28 and 29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1654

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
